

Watercolor with Colored Pencil Embellishment

January 26 & 27, 2019 – 9:00 to 2:00

Janet Biles, teacher

\$60 for 2 days

Class held at the Yachats Commons, 441 Hwy 101 N., Yachats, Oregon

Using colored pencils (not watercolor pencils) to add drama and whimsy to your painting.

We will paint a rooster (not the one shown) using watercolor and colored pencil (not watercolor pencils). You can “glam” and “embellish” him as much as you want.

We will glaze the watercolor to a high color intensity and take it over the top with the pencils.
